CV

Camille Seaman was born in 1969 to a Native American (Shinnecock tribe) father and African American mother. She graduated in 1992 from the State University of New York at Purchase, where she studied photography with Jan Groover and has since taken master workshops with Steve McCurry, Sebastiao Salgado, and Paul Fusco. Her photographs have been published in National Geographic Magazine, O(Oprah)Magazine, Italian Geo, The New York Times Sunday Magazine, The New York Times, Newsweek, CNN, Time, Outside, Zeit Wissen, Men's Journal, London Times Eureka magazine, Dmag of Italy, Sublime, Camera Arts, German Geo among many others. Camille Seaman lives in Emeryville, California, she makes photographs all over the world using digital and film cameras in multiple formats. She works in a documentary/fine art tradition. She lectures globally about her work and experiences.
